

**13th Annual  
GIS Day Savannah 2019  
Wednesday, November 13, 2019**

*Dear Sponsor,*

GIS Day Savannah has been a great success thanks to the generous support and participation of our sponsors over the last 12 years. In 2018, over 400 students participated in our GIS Day event. This year we have scheduled school groups almost meeting our capacity of 450 students for two consecutive sessions starting at 9 am through 2 pm. We will have 225 students per session, with groups of 75 students circulating between the map gallery and each of two classes, the Compass Course and the Introduction to GIS and Online Mapping Class.

We are eternally grateful for the venue space and support from Savannah State over the last five years. Their direct participation and hosting have benefited all of us, students, sponsors and the committee by providing a venue with plenty of gallery and classroom space and free parking. We extend a huge thank you to Savannah State! With that said, we are excited to announce a new venue this year: Savannah Technical College. Additional details will be provided in your upcoming sponsor packet.

As always, sponsorship will support the cost of the event and additional funds will be used to support GIS education in our schools. Past ways in which GIS Day funds have been used include GIS In-service Workshops for our teachers, GIS at summer camps provided by Georgia Tech, and classroom support as requested by our committee members. We will again have the Jenkins AP students on hand as volunteers for the entire event.

We look forward to your participation, helping us make GIS Day Savannah 2019 even better!

Lara Hall  
Director, SAGIS

**THANK YOU to all who participated in our event in 2018!**

# Booth Space Registration and Sponsorship Information

## Registration forms are due November 1, 2019.

The goal of GIS Day Savannah 2019 is to educate our local 8th grade students about how GIS is used every day in our community. Thanks to in-kind donations and support, the majority of your sponsorship will go towards establishing GIS programs in area schools. At the same time, GIS Day provides the perfect opportunity for you to showcase your work, and a forum for teaching students about the significant contribution this exciting technology is making in their lives and communities.

### Levels of Sponsorship include:

- Diamond Sponsorship for \$2,500
- Platinum Sponsorship for \$1,000
- Scholarship or Gold Sponsorship for \$500
- Silver Sponsorship for \$250
- Government and non-profit organizations that participate in the event are asked to submit a \$75 donation to cover the cost of booth supplies and setup.

### All Sponsors will receive:

- Booth Space including 8' x 30" table and 2 chairs
- Organization logo and website listed on the GIS Day Savannah website
- Organization name listed in marketing materials
- Morning refreshments & lunch

### Event Details

- Date: Wednesday, November 13, 2019
- Location: Savannah Technical College
- Event Time: Set up begins at 8 am and break down will end at 3 pm
- Booths must be staffed during the entire event from 9 am until 2 pm
- Lunch will be provided.
- Information regarding booth set up and break down will be distributed prior to event.

### GIS Gallery

In order to inspire interaction between the students and the GIS sponsors in the Map Gallery, we provide each student with a GIS Day Passport. The passport will have all sponsors registered by Nov. 1 listed on a page under a different theme for students to collect stamps. (We will provide you with 2 stamps at your booth.) We encourage you to prepare at least one question that students will be able to answer by exploring your booth in order to earn their 'stamp' for the GIS Day Passport Book.

Sample questions from previous years:

**Booth:** Pictometry

What term does Pictometry use to describe its 45-degree aerial image view?

**Map:** Potential Community Garden Sites

What District and Alderman have the best opportunity for a community garden?

**Booth:** Savannah State University

What degree programs use GIS at Savannah State?

For questions on sponsorship please contact Lara Hall at [halll@thempc.org](mailto:halll@thempc.org) or 912-651-1451.
